ALL-TERRAIN HARD DRIVE

HI-SPEED USB 2.0

80GB | 120GB

GO WILD.

Ⓢ ALL-TERRAIN PROTECTION

The best protection of your data requires handling with care, but you and your data don't always live in a peaceful, sterile vacuum. You live in the real world full of bumps, spills and adventures. The ultra-portable Rugged All-Terrain Hard Drive is your data's best protection for the real world.

Ⓢ ULTRA-PORTABLE DATA SHUTTLE

If you care about protecting your valuable data on the road, this drive is your durable, dependable solution at an affordable price point. Take it with you on business trips, vacations or use it for transferring files from one desktop computer to another. It's perfect for users who need backup, storage and large volume exchange for office files, photos, music and even video clips.

Ⓢ HI-SPEED USB 2.0

The LaCie Rugged Hard Drive offers the cross-platform convenience of Hi-Speed USB 2.0 interface and is USB 1.1 backward compatible. Exchanging data between Macs and PCs is easy—simply plug it into any computer with a USB port anywhere. This external hard drive storage solution is USB bus-powered and plug & play. It even comes with a power-sharing cable for low powered USB hubs/computers.

Ⓢ EXCLUSIVE RUGGED DESIGN

Its unique varnished scratch-protected aluminum shell and shock-resistant rubber bumper make the LaCie Rugged Hard Drive especially resistant to harsh elements for extra protection wherever you go. The exclusive creation of world-renown designer Neil Poulton, the LaCie Rugged Hard Drive is essentially our award-winning, popular PocketDrive with a new and improved design.

- Rugged: ideal for protecting valuable data
